Mr Bruce MacKenzie  
Mackas Sand  
2684 Nelson Bay Road  
SALT ASH NSW 2318

Dear Mr MacKenzie,

**Modification to Director-General's Requirements  
Mackas Sand Project (MP 08\_0142)**

I wish to advise you that in accordance with section 75F(3) of the *Environmental Planning and Assessment Act 1979*, the Director-General has modified his requirements for the proposed Mackas Sand Project. I have attached a copy of the modified Director-General's requirements (DGRs) for the project.

The DGRs now require the project's impacts to be assessed for the extraction of up to 1 million tonnes of sand a year from each of Lots 218 and 220 (up to 2 million tonnes a year in total).

If you have any enquiries about the modified requirements, please contact Colin Phillips of the Department's Mining & Extractive Industries team at the details listed above.

Yours sincerely

A handwritten signature in blue ink, appearing to be 'Chris Wilson', written over a large, stylized blue oval.

Chris Wilson  
Executive Director  
Major Project Assessment  
as Delegate for the Director-General

# Director-General's Requirements

## Section 75F of the *Environmental Planning and Assessment Act 1979*

<b>Application Number</b>	MP 08_0142
<b>Project</b>	<p>The Mackas Sand Project, which includes:</p> <ul style="list-style-type: none"> <li>• extracting about 30 million tonnes of sand;</li> <li>• processing this sand on-site;</li> <li>• transporting up to 2 million tonnes of sand a year by truck to local and regional markets; and</li> <li>• progressively rehabilitating the site.</li> </ul>
<b>Location</b>	Lots 218, DP 1044608 and 220, DP 1049608, Salt Ash
<b>Proponent</b>	Mackas Sand
<b>Date of Issue</b>	24 October 2008
<b>General Requirements</b>	<p>The Environmental Assessment of the project must include:</p> <ul style="list-style-type: none"> <li>• an executive summary;</li> <li>• a detailed description of the project, including the: <ul style="list-style-type: none"> <li>- need for the project;</li> <li>- alternatives considered;</li> <li>- various components and stages of the project;</li> <li>- likely interactions between the project and other land uses in the vicinity of the site; and</li> <li>- plans of any proposed building works;</li> </ul> </li> <li>• a risk assessment of the potential environmental impacts of the project, identifying the key issues for further assessment;</li> <li>• a detailed assessment of the key issues specified below, and any other significant issues identified in the risk assessment (see above), which includes: <ul style="list-style-type: none"> <li>- a description of the existing environment, using sufficient baseline data;</li> <li>- an assessment of the potential impacts of all stages of the project, including any cumulative impacts, taking into consideration any relevant guidelines, policies, plans and statutory provisions (see below);</li> <li>- a description of the measures that would be implemented to avoid, minimise, mitigate, rehabilitate/remediate, monitor and/or offset the potential impacts of the project, including detailed contingency plans for managing any significant risks to the environment;</li> </ul> </li> <li>• a statement of commitments, outlining all the proposed environmental management and monitoring measures;</li> <li>• a conclusion justifying the project on economic, social and environmental grounds, taking into consideration whether the project is consistent with the objects of the <i>Environmental Planning &amp; Assessment Act 1979</i>;</li> <li>• a signed statement from the author of the Environmental Assessment, certifying that the information contained within the document is neither false nor misleading.</li> </ul>
<b>Key Issues</b>	<ul style="list-style-type: none"> <li>• <b>Biodiversity</b> – including: <ul style="list-style-type: none"> <li>- accurate estimates of any vegetation clearing associated with the project;</li> <li>- a detailed assessment of the potential impacts of the project on threatened species, populations, ecological communities or their habitat, and the surrounding National Park Estate and Worimi Conservation Lands; and</li> </ul> </li> </ul>

	<ul style="list-style-type: none"> <li>- a description of any measures that would be implemented to maintain or improve biodiversity values in the region;</li> <li>• <b>Soil &amp; Water</b> – paying particular attention to: <ul style="list-style-type: none"> <li>- any potential impacts due to acid-sulfate soils;</li> <li>- the requirements of the <i>Hunter Water (Special Areas) Regulation 2003</i>; and <i>Tomago-Tomaree-Stockton Groundwater Sharing Plan</i>;</li> </ul> </li> <li>• <b>Noise</b>;</li> <li>• <b>Air Quality</b>;</li> <li>• <b>Heritage</b> – both Aboriginal and non-Aboriginal;</li> <li>• <b>Traffic and Transport</b>;</li> <li>• <b>Visual</b>; and</li> <li>• <b>Rehabilitation</b> – including a detailed description of the: <ul style="list-style-type: none"> <li>- proposed rehabilitation strategy for the project (including detailed plans of the proposed final landform), taking into consideration any relevant strategic land use planning or resource management plans or policies; and</li> <li>- financial assurances that would be put in place to ensure that this strategy is implemented properly; and</li> </ul> </li> <li>• <b>Social &amp; Economic</b>.</li> </ul>
<b>References</b>	<p>The environmental assessment of the key issues listed above must take into account relevant guidelines, policies, and plans. While not exhaustive, the following attachment contains a list of some of the guidelines, policies, and plans that may be relevant to the environmental assessment of this project.</p>
<b>Consultation</b>	<p>During the preparation of the Environmental Assessment, you should consult with the relevant local, State or Commonwealth Government authorities, service providers, community groups or affected landowners.</p> <p>In particular you must consult with:</p> <ul style="list-style-type: none"> <li>• Department of Environment and Climate Change;</li> <li>• Department of Water and Energy;</li> <li>• Hunter Water Corporation;</li> <li>• Department of Primary Industries (Minerals);</li> <li>• Roads and Traffic Authority; and</li> <li>• Port Stephens Council.</li> </ul> <p>The consultation process and the issues raised must be described in the Environmental Assessment.</p>
<b>Deemed Refusal Period</b>	60 days
